

# NEWSPIRACY

FIGHTING THE  
ONLINE POST-TRUTH  
CONSPIRACY

NOVEMBER 2024  
NEWSLETTER

## Objectives

- Development critical thinking skills.
- Implementing critical thinking with the information received.
- Analyzing on the subject of fake news.
- Online training and an interactive environment.

## Deliverables

<a href="http://NewsPiracy.eu">NewsPiracy.eu</a>	The website is being updated with new material and activities. The TRUTH-TRACK exercise is being enriched with new articles where more and more participants comment whether they are true or fake.
<a href="#">EPALE</a>	The group is still open for participation.
<a href="#">MOODLE platform</a>	More than 500 students from five different countries have been enrolled and complete exercises regarding fake news, misinformation and the role of critical thinking.
<a href="#">Facebook Group</a>	An open and accessible group, which gives room for thought, posts and ideas
<a href="#">Multiplier Event</a>	The Multiplier Event that took place in Crete, Greece in July 2024 was successful, as significant number of participants attended and contributed to the program.
<a href="#">Further dissemination</a>	Several presentations of the project have been delivered in multiple cases by partner members.
